## SmartBeacon Management

(Valid from 2018-03-06)

### Platform

### Price per Site and Month

1	site	100.00 €
10	sites	85.00 €
50	sites	72.25 €
100	sites	61.41 €

One site supports up to 100 SmartBeacons. It is possible to increase the amount of beacons. For each batch of 100 beacons it will be an extra 5€ per month. More beacons per site are possible, prices upon request. Additional variable costs might occur based on the message volume per month.

### On-Premise Solution

### Minimum Price

On-Premise solutions include a setup support fee of one remote day as one-time payment.

Please ask for your individual offer. **8599 €**

### BlueRange MeshGateway

### One per Site

Powerline and ethernet access are required.

**248.00 €**

### Asset Beacons

Asset beacons are specifically made for asset tracking use cases and have a battery lifetime of up to five years. Wearable options available on request.

### Mesh Beacons

Mesh beacons have extended functionality and are available as battery powered option with one year of battery lifetime or can be connected to a power line.

### Quantity
